# COLLECTORS' ITEMS

1952

*Weed's*

*National Iris Gardens*

4475 S. W. Huber Ave.

BEAVERTON, ORE.

Fellow Iris Lovers,

This folder is a supplement to our 1951 color catalog. We are just now completing the last phases of a "consolidation" move so that our fields, show gardens and office are all at one location. This move has been at terrific cost both in time and money and in order to compensate for this in some measure we have decided not to issue a catalog this year.

This saves us considerable expense and so we have decided to pass some of this saving on to you by allowing you to **MAKE YOUR OWN COLLECTIONS.** With the exception of those varieties marked "NET," the collection offer on all varieties is the same—figure the total amount of your order, then deduct your collection discount of  $\frac{1}{3}$  and send us the balance. Our stock of the varieties marked "NET" is limited, and so they cannot be included at collection prices.

In addition, old customers know that gift Iris are included with every order, and we are especially generous with orders received before July 1.

This folder lists only approximately one-third of the varieties in our gardens but you will appreciate that our stock of the remaining varieties is not large enough to permit their listing as collection varieties. Please write for prices on favorites of yours which are not listed.

Remember, flower lovers are always welcome at our garden and especially so during blooming season in the middle of May. Our show gardens include some 450 varieties, in alphabetical order, and are well worth seeing.

Sincerely,  
Mrs. Howard Weed

To reach our gardens from Portland drive out Canyon Road, West through Beaverton to Huber, then South approximately two miles on Huber Avenue. We are located directly across from the Cooper Mountain Grade School.

## TALL BEARDED IRIS

ACTION FRONT	
Gleaming coppery red.....	.75
ADMIRATION	
Ruffled golden yellow.....	3.50
ALADDIN'S WISH
